Dear Area Merchant,

We are writing to request your help for the Ashland Teachers' Association Scholarship Fund, which is called the Helen P. Knowlton Memorial Scholarship. It is the goal of our scholarship program to assist our graduates who are striving to continue their education beyond high school. Each year, financial assistance from the fund is awarded to a deserving high school graduate to support them in furthering their education. We are hosting our fourth annual golf tournament this spring to sustain the funding for the scholarship awards. We are seeking hole-sponsorship from local businesses. In exchange for a donation of \$100.00, your business will be advertised with professional signage at a tee or green for the duration of our tournament at Waukegan Golf Club on Saturday, May 18, 2024.

Thank you for considering this request. We deeply appreciate your partnership in our efforts to support a promising group of students in reaching their higher educational goals.

Sincerely,

*The Ashland Teachers' Association*
