

Meredith Village Savings Bank and Fed Ex Express Donate Supplies to Ashland Elementary School

Thanks to the generosity of some local organizations, the Ashland Elementary School supply shelves are filled with a variety of wonderful items that the students will use throughout the year. The donations included backpacks, notebooks, pencils, pencil sharpeners, markers, glue and folders.

Jill White, Regional Vice President and Megan Piazza, Branch Services Manager of Meredith Village Savings Bank delivered items to Principal Kelly Avery that had been collected at the bank for the school. Employees at the Gilford Fed Ex Express Office coordinated a regional back pack drive to assist area schools. Acting Manger Scott Brunt and Driver Dan Hart were welcomed at AES as they drop off their donation.

The AES students and staff are so grateful for the on-going community support.
