Director of Student Services

Ashley Dolloff
Human Resources Director

December 31, 2020

Dear Ashland Elementary School Families,

I am writing to share that we have two (2) confirmed positive cases of COVID-19 at Ashland Elementary School. Our well wishes are extended to these members of our community. Due to the timing and the school break there is no need for school based contact tracing. In an effort to maintain transparency, we wanted to share this information with you even though there are no school based concerns.

Please note that schools in general are demonstrating a low degree of spread of the virus due to the many layers of mitigation in place. There is increased community spread in our area and as a result we anticipate reporting more cases within our school community. If you have health concerns or symptoms of COVID-19, which are outlined below, please contact your healthcare provider.

Symptoms of COVID-19 can include:

- Fever, or feeling feverish;
- Respiratory symptoms such as runny nose, nasal congestion, sore throat, cough, or shortness of breath;
- General body symptoms such as headache, muscle aches, chills, and severe fatigue;
- Gastrointestinal symptoms such as nausea, vomiting, or diarrhea, and
- Changes in a person's sense of taste or smell.

We all look forward to having students return to school on Monday, January 4, 2021. We wish you and your family a Happy and Healthy New Year. Be well, Ashland Elementary School!

Respectfully,

Mary A. Moriarty
Superintendent of Schools
