

Good afternoon AES Families,

Today, we learned of an additional confirmed case of COVID-19 for a member of the Middle Tier. AES Warrior well wishes are extended to this individual and their family. The School will be making contact with individuals considered to have been in close proximity. An email will be sent out to all families, once all necessary contact is made.

We are asking all families to continue to diligently self-assess for wellness each day. If a student is not well or has a household member diagnosed with COVID-19, please keep them home and contact Mrs. Rubbe, School Nurse.

Enjoy the remainder of the Labor Day weekend! Be well, AES!

Respectfully,  
Mary Moriarty  
Superintendent of Schools
