

## **Joint Loss Management Committee Minutes September 18, 2020**

**Present:** Tim Paquette, Sue Rubbe, RN, Lester Brent, Kelly Avery, Steve Guyer, Jacqui McGettigan, and Trish Temperino.

**Introduction:** Ms. Temperino explained that the Joint Loss Management Committee is required to meet separate from the Safety committee. The members of this committee must be an accurate representation of the staff population and should include management staff, as well as union and non-union staff. The purpose of the meeting is to review any comp claims and as well as to discuss any staff concerns regarding their personal safety while at school.

**Review of Comp Claims:** No claims to report

**Review of Staff Safety Concerns:** Ms. Temperino asked Mrs. Rubbe if she was aware of any staff concerns. Mrs. Rubbe shared that some staff have expressed unease regarding the possibility of contracting COVID-19 at school and whether or not that situation would be covered by Worker's Compensation. Ms. Temperino explained that it is not likely that this type of situation would be covered, however, she shared that they are several extended long term illness plans in place for staff. She will ask HR Director, Ashley Dolloff, to create a specific document this info along with a Frequently Asked Questions document.

Mr. Guyer asked if we have any slip, trip or fall concerns in the building. Both Ms. Temperino and Mrs. Rubbe assured him that we did not have any concerns.

**Next Meeting:** November 20, 2020 8:00 am.

Respectfully submitted,

Jacqui McGettigan
