## State Fire Marshal's Award of Excellence In Fire & Life Safety

Has a student within your community used their fire and life safety education and knowledge to help prevent a possible incident by seeking out the appropriate assistance to ensure that the situation becomes safer? Has a student within your community responded appropriately during an emergency, by demonstrating key fire and life safety behaviors; dialing 911 to report an incident and calmly providing information to a dispatcher; or performed a lifesaving medical maneuver?

The State Fire Marshal's Award of Excellence in Fire & Life Safety program recognizes New Hampshire students in grades prekindergarten through high school that complete an outstanding act in the area of Fire and Life Safety that benefits the lives and wellbeing of those around them. **Anyone** who observes, or hears, of a student's heroic actions can nominate a student by filling out an application.

## Annual Fire & Life Safety Calendar Contest Material

The 7th Annual Fire & Life Safety Calendar Contest may be closed for the 2018-2019 school year, but that doesn't mean the learning should stop! The month of March is dedicated to the importance of kitchen and cooking safety.

Analee, reminds us that kitchen safety is extremely important. Not only should we turn pot handles in when we are cooking, keep paper towels, dishtowels and potholders away from the stovetop, but that we should turn the stove OFF if we have to leave the room. This is an excellent reminder Analee!
